## 1. About FinAlyzer®

FinAlyzer® is a unified solution for the automation of financial consolidation, financial statement preparation, management, and statutory reporting.

FinAlyzer® acts as a catalyst for CFO and CXO reporting in multi-entity organizations, covering integrated group reporting, management reporting, legal consolidation & segment-wise profitability reporting. FinAlyzer effortlessly converts financial data to actionable insights with decision analytics, KPI's, insights and benchmarks.

FinAlyzer® automates the entire process of financial consolidation, statutory, management reporting & dash-boarding. It is especially useful for organizations that have multiple entities and multi-stakeholder reporting requirements. FinAlyzer® is Fast, Cost-effective & Easy to implement & provides pre-configured models for Management reporting, executive dashboards, IFRS, USGAAP, IndAS, SEBI reporting and other local GAAP reporting, thereby making roll-outs faster. FinAlyzer® frees up considerable time from report preparation and helps teams focus their time on analysis and better decision making.
